

# ESCAPE WINDOW

*Quaker's T600 Series has a standard Single Hung design and operation with added swing-open capabilities for maximum egress.*

*Affords matching sight-lines in spite of different operational set-up.*

Competitively priced to fit any budget in any market.

Accommodating to single or twin window units.

Available with Quaker's own factory-applied security screen system.

Perfect for non-adjustable brick opening that needs egress compliance.

Excellent alternative to openings too large to accommodate horizontal sliders.

*An effective and sound choice on two fronts: can reach egress requirements AND achieve exceptional thermal values.*

Single point latch hardware with heavy-duty butt hinges for reliable operation at all times, especially when it's really needed.
